Spillers and Mars Equestrian sponsor NEF 2021

Spillers and Mars Equestrian sponsor NEF 2021

Spillers is proud to announce its sponsorship of the National Equine Forum (NEF) 2021. The feed brand will be directly supporting the NEF special webinar The Great Weight Debate (equine), to be held later this month and will also be supporting the renowned NEF main event in March 2021, via Mars Equestrian – the link between the iconic Mars brands and the equestrian community.

“We are extremely proud to support the National Equine Forum, both individually with Spillers’ support for the Great Weight Debate and through Mars Equestrian’s sponsorship of the main event,” said Clare Barfoot RNutr, Marketing and Research and Development Director at Spillers. “The NEF is a highly regarded and popular annual occasion. With its immense success in bringing the equestrian sector together to share knowledge and harness ideas to support our nation’s love for the horse, it reflects Mars Equestrian’s and

Spillers’ ethos as proud partners in care.”

“We are thrilled to be a part of this exceptional conference and for the opportunity to extend Mars’ commitment to the equine industry where we recognize the important role horses play in making the world a better place,” added Dr. Bridgett McIntosh, Director of Mars Equestrian.

The NEF Great Weight Debate (equine), 7pm Wednesday January 27, 2021, will be taking a practical look at different perspectives on weight management of the obese horse, pony and donkey from across the equestrian sector. The session will be chaired by equine veterinary nutrition specialist Professor Pat Harris who heads the Waltham Equine Studies Group and is vice chairman of the NEF organising committee.

The 29th National Equine Forum to be held virtually on Thursday March 4, 2021, will provide critical insight to welfare, trade and biosecurity, followed by positive innovations for the sector, borne from COVID-19. The afternoon session will provide updates from the two special interest webinars, a session on how new technology is helping riders and a revisit to access and accidents.

Tickets are priced at £5.00 for the Great Weight Debate webinar and £10.00 for the Forum https://www.nationalequineforum.com/(open in new tab)
